2023-2024

**ABOUT US :** The Ughta Suraj Foundation is an NGO (Trust) in Delhi in India. Founded by Sachin Batra, with a vision of " URBAN GRAMIN TRUST ALLIANCE ARE UNDER THE SAME SUN." ( शहरी ग्रामीण विश्वास गठबंधन एक ही सूरज के नीचे हैं अर्थाथ सब एक समान और सबका विकास। )

Since 2019, Ughta Suraj Foundation has been concerting and raising awareness of all its efforts towards providing fresh and nutritious meals to needy children and their families in urban cluster areas. We continuously appreciate other NGOs who are contributing their efforts to the welfare of the society and also in 2021 made the Corona Warriors certificates and encourage more efforts and in 2023-2024 we will keep all the same awareness campaigns and services to needy people and provide food in streets.

All the members of Ugta Suraj Foundation are involved in this awareness campaign and take care of all the helpless, abandoned or innocent children begging on the streets and provide food to them. One such incident happened at Moti Nagar Chowk near Moti Nagar Police Station. We saw some helpless people suffering in the cold, who had small children with them. Those children had no means to eat, no water to drink, sanitation was nowhere to be seen. It is very unfortunate that such children are on the streets. We rescued such children and provided food to all their relatives who were with them. Under the awareness campaign, we preached to the children not to beg and distributed a poster with our template for any help to all the children and their close relatives with a proper phone number so that they can contact us anytime.

We use this banner for contact us and suggest us by social media

Ugta Suraj Foundation works for the poor children who live in clusters, slums, huts where life is at stake all the time. Do something for them. A similar scene was seen in Moti Nagar, Sudama Puri's clusters, huts where the children were given essential things related to education. The Ugta Suraj Foundation's organization reached the cluster area of the slum. The scene there was absolutely non peaceful. The intellectual and spiritual aspects of the children did not seem right. There were no clothes on the body. The children were very excited. They started looking for things. As soon as they saw them, they pounced on the food items. This scene was seen by our organization. But our organization assured the people living in the slum that we will continue to do social work in this way. We will educate the children. We will work hard with the children and will do something to raise the intellectual level of the children. We will take special care of their needs. Whatever social things will be needed for this, we will be provided.

## Art

Paintings are a form of visual art that captures the expression of ideas and emotions on a two-dimensional surface. Artists use the elements of shape, colors, line, tones, and textures in unique ways to produce paintings that convey sensations of movement, volume, space, and light – traditionally on a flat surface.

Seeing the artworks of one such artist Savita Kumari, a student of bachelor of fine arts, we have been associated with us since 2019, she makes various types of paintings very beautifully, by 2024 also the paintings are made very well, there are some pictures of 2024 which have been clicked. We give her a cash reward and certificate of best wishes.
